Virtual Transportation Supervisor (VTS)
Registration Form

The Ohio School Boards Association is offering a new benefit for its member districts, the OSBA Virtual Transportation Supervisor program. This program expands access to transportation expertise, guidance and training events.

A subscription to the program entitles districts to participate in multiple events and services for a yearly subscription fee of $250. The district subscription is valid for multiple staff members from the district; it does not limit access to one individual.

This subscription ensures that all members of your district management team have access to:

- Monthly quarterback webinars for your transportation staff. These conference call/webinar forums are a great opportunity for transportation staff to get a quick review of tasks that are required in the current month, review of hot topics in the industry, and a forum for supervisors and directors to ask questions. These are fast-paced, lasting only 30-45 minutes to minimize your time investment, they are recorded, and the notes are posted on the website for your continuing reference. Participating in these webinars also satisfies the annual in-service requirements for pupil transportation administrators in Ohio.
- Regional in-service meetings around the state. Each OSBA region will host one mid-day transportation meeting annually. The meetings will include hot topics, a roundtable discussion and issues that you bring to the table. Participation in these meetings will meet the administrative code requirement for ongoing transportation administrator training.
- Cursory review of district T-1 and T-2 reports prior to submittal to the state. An in-depth review also is available through consulting contracts.

If your district would like to take advantage of the VTS program, please complete this registration form and return it along with a purchase order to the Ohio School Boards Association, Management Services.

School District: _____ County: _____

Transportation Administrator: _____ Phone: (____) _____
