All NWOESC PBIS trainings will offer Trauma Informed PAX integration as an option. However, PAX is *not a* requirement of PBIS.

**PBIS** is an ongoing improvement process that brings staff together under a common vision and with common expectations for students. This takes time. Most healthy PBIS frameworks take between 3-5 years to fully develop. ALL healthy PBIS frameworks are under constant evaluation, assessment and improvement.

## TECHNICAL SUPPORT & ASSESSMENT OPEN HOUSES AVAILABLE >

*“Come & go” — Perfect for any district team or individuals seeking to assess, improve or expand their PBIS program. Specialists will be available to answer questions for any stage of the process. Support is offered regardless of where previously trained.*
