Maximize your leadership team's performance

Ever wondered what makes a job candidate tick? Or how they would fit within your district? Getting a read on their personalities, work strengths and tendencies would really help make better hiring decisions.

OSBA offers a tool for recruiting *and* retaining high-quality staff through the **Achiever Leadership Assessment**. This nationally benchmarked program contributes to successful performance through an advanced personal profile and professional development suggestions. The Achiever measures a person's true nature or core behaviors using six cognitive learning skills and 10 personality dimensions to create a comprehensive and personalized leadership profile.

Should a district's board members or administrators wish to purchase Achievers for multiple individuals as a part of evaluation or board self-assessment, please contact OSBA for pricing which could include a facilitated workshop based around Achiever results.
