Mark Bobo: Good afternoon - feel free to share your thoughts, ideas and questions in this chat box.

teachers and other staff members reaching on to our students on a daily basis. We created a shared google form that allows teachers and support staff to record and document possible concerns - academic, social, mental wellbeing and safety. We have our administrators and mental wellness team monitor the spreadsheets and follow up with the families. We also monitor our Safe Schools Tipline 24/7. Our Hope Squad reports suicide concerns. We are also working with our Police Security team to follow up with well checks. We have also been sharing resources with our families and students proactively in the hope of getting ahead of some of the issues. We have also tried create lots of Mason Moments around our community - Birthday Bus, Comet Connector Bus, Fight Song Friday, Mason Dunk Contest, Hanging with Mr. Cooper - Project 2020 - Supt trying to Google hangout with 900 seniors 10 at a time to record their Mason Moment, etc.

KATHY MCFARLAND: Identifying signs of abuse or neglect

During our virtual staff meetings we requested that teachers be on the lookout for signs of abuse or neglect as they have students in their online lessons. Teachers were reminded that we are still mandated reporters and if we see anything, even electronically, we must report it.

Our counselors are meeting to brainstorm ways to check on kids to make sure they are OK. We have linked some Social/Emotional Resources on our website for families and teachers to access. Jon C. Detwiler, Superintendent, Fremont City Schools

Resources that are currently available to help identify at-risk kids.

Cristina Capretta: We sent a senior survey and heard from nearly 70% of seniors. It was a great way to hear them and let them feel heard.

Dawn Gould: thoughts and suggestions. Would like to have a community recognition at some point.

rsmith: We too at Benjamin Logan offered a survey to our Seniors. Overwhelmingly our group of kids want to have a live event - whenever it becomes possible.

David Harmon: Out of curiosity Mark, how many seniors do you have?

Cristina Capretta: Also have a senior moment on every Senior posted on our website

sally.green:

We also have surveyed our Seniors and parents to gather the info being talked about. All but three currently want to do on rescheduled dates. What Mark said in beginning is important there is not a model that fits everyone's needs. Love hearing ideas.

Steve D:

In Lakota we have had our HS principals meet with our seniors to get some insight. WE have some ideas.

KELLEY CASPER:

Sorry! I'm here with no microphone. 70% of our seniors want in-person graduation. We have one tentatively scheduled for August 2.

Dawn Gould:

Our senior focus group has begun to think about planning a "reunion" at one of the home athletic events in the fall to bring everyone together. This would be a great opportunity for the district and community to recognize this special class.

Mark Murphy:

Cristina Capretta:

Kelley, can you expand a little further on the "virtual clap-out" for seniors?

Dawn Gould:

One of our options is to put on an amazing Homecoming celebration.

We sent a survey to senior students and families and gained lots of ideas.

Here are a few that we are considering safe 'stay in your car' graduate parade in collaboration with our City support, pictures of our grads in cap and gown on a stage in front of the HS that will be placed into a slideshow for our online graduation ceremony (Varsity Brands/Herff

Jones. <https://www.herffjones.com/products/high-school-virtual-graduation/>).

We have also reserved dates into August on hold for Cintas Center graduation ceremony (obviously optional), stadium graduation in smaller groups

Jonathan Cooper:

For prom, we are considering Prom Porch Pictures for a slideshows to go out to our community on Prom date. Senior athletes are decorating their front doors and sharing pics on social media. Other fun ideas...We have also tried

create lots of Mason Moments around our community - Birthday Bus, Comet Connector Bus, Fight Song Friday, Mason Dunk Contest, Hanging with Mr.

Jonathan Cooper:

Cooper - Project 2020 - Supt trying to Google hangout with 900 seniors 10 at a time to record their Mason Moments on video to release to our community, etc.

Fairlawn has met virtually with senior leaders and they want a prom and

graduation so we have scheduled dates in May, June and July trying to give

Jeffrey Hobbs:

them closure as a group.

Our seniors are decorating their doors and pictures are being posted on social media.

Sue Devine:

We have a community photographer doing door step photos. Kids and families are decorating the doors of their home and photographer then comes

Todd Cramer:

and takes a picture to be added to a video presentation

We are doing many things in our district for seniors. But one really neat thing --
principals are making spectacular PPT slides of each senior with a photo,
what they were involved in, and what they will be doing next year. Sharing on
our website and on all social media.
