OSBA announces significant change to Capital Conference schedule

There will be a major change to this year’s Capital Conference, with the conference being adjusted to three days from four. Wednesday is being eliminated, and more learning sessions are being added to Sunday. This year’s event will run Nov. 12-14. This decision was made based on discussions over the past two years with the Board of Trustees and the Capital Conference Planning Task Force, along with numerous evaluations and decreasing attendance on Wednesday. OSBA believes a three-day conference will benefit members by reducing the days spent out of the office and limiting hotel expenses without diminishing the educational experience. For more information, contact OSBA or visit http://conference.ohioschoolboards.org.

State Board of Education elects new president, vice president

The State Board of Education voted unanimously last month to elect Tess Elshoff as its new president and Nancy Hollister as vice president. Elshoff, an at-large member, served as board vice president for the past two years under former president Tom Gunlock. She is a former New Knoxville Local (Auglaize) school board member and was appointed to the State Board in 2011 by Gov. John R. Kasich. Hollister, a Kasich appointee in 2016, won election to her District 8 seat in November. She became Ohio’s first female governor between late 1998, when Gov. George V. Voinovich left Ohio for the U.S. Senate, and January 1999, when Gov. Bob Taft took office.

Share your concerns with legislators at Statehouse conference

The State Legislative Conference provides an outstanding opportunity for local school districts to share their concerns with state legislators and other policymakers. Set for March 15 in the Ohio Statehouse Atrium, the annual event is hosted by OSBA, the Buckeye Association of School Administrators and the Ohio Association of School Business Officials. It features presentations from legislators and other experts as well as the chance to meet one-on-one with association lobbyists and those making key decisions about Ohio public education. For details and registration information, see the Briefcase blue pages or visit http://links.ohioschoolboards.org/70249.

Registration opens for 2017 Board Leadership Institute

Registration has begun for the 2017 OSBA Board Leadership Institute, set for April 21-22 in Columbus. The comprehensive training event — offered exclusively to school board members — provides a wealth of professional development and networking opportunities for every level of board experience. It features keynote speakers, breakout sessions in multiple learning tracks and breakfast and luncheons. For more information, visit http://links.ohioschoolboards.org/33166 or contact OSBA.
Ohio School Plan offering playground inspector course

Ohio School Plan is hosting a certified playground safety inspector training course in April. The National Recreation and Park Association is conducting the certification program. For details, visit https://swbuckeye.com. Ohio School Plan, governed by school officials, works to meet the needs of Ohio public schools by providing quality, affordable and innovative insurance and risk management programs.

Schools needed to host summer meal programs

To increase summer meal program participation, the Ohio Department of Education is urging local nonprofit agencies, including schools, to become sponsors or sites by providing free meals to children. Sponsoring organizations are reimbursed for the costs of nutritious meals and snacks. Those interested should complete a survey at http://links.ohioschoolboards.org/40117 no later than March 3.

Association launches 2017 Business Honor Roll program

It’s time for school districts to select businesses to recognize for supporting their local schools. The OSBA Business Honor Roll offers districts a way to thank these firms for their contributions and helps them maintain and build upon the help they receive from their local business community. OSBA encourages districts to name supportive companies and organizations to the Business Honor Roll. For details, visit http://links.ohioschoolboards.org/39803 or contact Wanda Bloch at (614) 540-4000 or wbloch@ohioschoolboards.org.

Students at Canfield Local’s (Mahoning) C.H. Campbell Elementary School are showing off their rope-jumping skills this month to help in the fight against heart disease.

The school’s Jump Rope for Heart event has raised more than $100,000 over the past 20 years for the American Heart Association, including $10,000 last year.

Principal Travis Lavery told a local newspaper that this year’s event has a special significance. First-grader Xavier Tomko recently underwent heart surgery, and music teacher Michael Fay recently fully recovered from his heart surgery.

“We have kids, staff, family and friends who are affected by heart disease, and this is a great way to give back,” Lavery said.

Anyone who’s ever attended one of OSBA’s region conferences can attest to the numerous opportunities for networking, fellowship, learning and recognition at these events.

The association’s five regions — Central, Northeast, Northwest, Southeast and Southwest — are preparing to host hundreds of board members, administrators, students and guests for their spring conferences.

OSBA President Denise Baba, Streetsboro City, and OSBA Executive Director Richard Lewis will attend each conference and provide association updates. Members of OSBA’s Division of Legislative Services will provide up-to-date information on the state’s biennial budget.

The March conferences will honor recipients of OSBA’s Award of Achievement and Master Board Member, a lifetime distinction given to those leaders who earn 300 Award of Achievement credits over a four-year period.

The regions host conferences annually in the spring and fall. School board members can earn five credits toward the Award of Achievement for attending a regional conference. More information about the Award of Achievement program is available at http://links.ohioschoolboards.org/43085.

The Jan. 23 Briefcase contained conference reservation forms, which also can be found on the OSBA website at www.ohioschoolboards.org/regions. Be sure to click on your respective region where the conference flier will be listed under “Downloads.”

Note that Ohio Revised Code Section 3315.15 allows board members to create a service fund that can be used for expenses related to meetings such as the conferences.

Following are brief previews of what each region has planned for the spring conferences.

Celebrate the stars in your district at the OSBA Student Achievement Fair

Tuesday, Nov. 14, 2017 • 10:30 a.m. to 2 p.m. • Greater Columbus Convention Center

The OSBA Capital Conference Student Achievement Fair highlights outstanding student performance groups and fresh, innovative initiatives from school districts across the state.

Student Achievement Fair performing groups
OSBA will choose one school district performing group from each of the association’s five regions to perform during the Student Achievement Fair. Past performing groups have included choirs, bands, orchestras, percussion ensembles and cheerleaders. Each group will perform for 20 minutes. To nominate a performing group, submit a nomination at http://conference.ohioschoolboards.org/saf-nominations and email an electronic video audition or YouTube link to Gwen Samet, administrative associate of search services, at gsamet@ohioschoolboards.org. Only electronic recordings will be accepted. The nomination deadline is Friday, June 23.

Student Achievement Fair district programs
OSBA is accepting nominations for district programs. These programs showcase exemplary programs that improve student achievement. Examples of district programs in the Student Achievement Fair include one-to-one technology programs, STEM engineering for middle grades, workforce exchange programs and career center culinary arts programs. For more ideas, visit http://links.ohioschoolboards.org/60021 to view the list of 2016 Student Achievement Fair district programs.

One hundred programs highlighting student achievement will be selected. While multiple programs may be submitted for consideration, no more than two per district will be selected, so districts should prioritize their submissions. Nominate a district program at http://conference.ohioschoolboards.org/saf-nominations.

District programs will be showcased in a 10-by-10-foot booth, which can accommodate up to five people. Nominations will be accepted until all booths have been filled. Please note: Internet access IS NOT provided with your booth. If you need internet access, you can purchase it from the convention center. The 2016 daily rate for Wi-Fi was $99 per device. You will need a credit card to make the purchase.

Have questions?
If you have questions about nominating a student performing group or district program, contact Gwen Samet (gsamet@ohioschoolboards.org) or Teri Morgan (tmorgan@ohioschoolboards.org) at (614) 540-4000 or (800) 589-OSBA.

Management Development Series #1:
Administrator salaries and performance incentives: Current trends

Tuesday, March 7 • 10 a.m. to 2 p.m.
OSBA office, Columbus Cost is $95

Two confusing issues for boards of education are understanding administrator salary structures and offering performance incentives. Both topics are unique in that multiple options exist, yet boards continually ask for something new, better or more effective. Jeff Rahmberg of Rahmberg, Stover & Associates LLC, and OSBA Director of Management Services Van D. Keating will explain the theory and practice of administrator salary schedules, how schedules are developed, the importance of accurate comparisons and how to make transitions from one schedule to another. Similarly, performance incentives for administrators have both theoretical and practical aspects that districts need to carefully understand before adopting them. Attendees can discuss these topics and share unique questions or situations that exist in their district.

Registration begins at 9:30 a.m. Cost for the workshop is $95 per attendee and includes lunch and materials. Register online at www.ohioschoolboards.org/workshops or contact Laurie Miller, senior events manager, at (614) 540-4000, (800) 589-OSBA or Lmiller@ohioschoolboards.org.

Transportation Financial Reports Workshop

Wednesday, March 8 • 10 a.m. to 2 p.m.
OSBA office • Cost is $95

This class looks at the data that is collected annually and required to be reported to the state for each public school district's transportation operation. Review what needs to be collected and best practices for collection; how it gets reported; and what forms need to be filled out and at what time during the year. Look at how that data is converted into transportation funding for public schools for both regular education and special education transportation services.

Whether you are new to transportation or a veteran, if you want to make certain you are filing correctly to get all the funding your district is entitled to, this course is for you.

Register online at www.ohioschoolboards.org/workshops or contact Laurie Miller, senior events manager, at (614) 540-4000, (800) 589-OSBA or Lmiller@ohioschoolboards.org.
State Legislative Conference

Wednesday, March 15
9 a.m. to 1 p.m.

The State Legislative Conference provides school board members, administrators and treasurers a great venue to meet with their state legislators and discuss issues impacting public education. It is a golden opportunity to get the message out on the importance of investing in a strong public school system and putting a local face on these issues.

During the morning session, school district leaders will hear briefings on proposed legislation that can be used in discussions with their legislators during lunch and in office visits later that day. Attendees also will hear from legislative leaders about their views on public education and other priorities.

Attendees are urged to schedule office appointments between 1 p.m. and 4 p.m. to meet individually with their legislators and their aides following the luncheon. We also encourage you to extend a personal invitation to them to attend the luncheon.

Don't miss this annual event and a chance to have your voice heard at the Statehouse. Registration begins at 8:30 a.m. Register online at www.ohioschoolboards.org/workshops or contact Laurie Miller, OSBA senior events manager, at (614) 540-4000, (800) 589-OSBA or Lmiller@ohioschoolboards.org.

Governor previews school-funding budget proposals

On Jan. 30, Gov. John R. Kasich outlined his executive budget recommendations for fiscal years (FY) 2018 and 2019. As of this writing, the bill language and school district simulations were not yet available. Following are highlights of the governor’s proposal now before the House of Representatives as it impacts the Ohio school-funding formula.

The only change being proposed to the foundation formula falls within the transportation category. The proposal seeks to make an adjustment to the pupil transportation formula by reducing the minimum state share percentage from 50% to 37.5% in FY 2018 and to 25% in FY 2019. According to Tim Keen, Ohio Office of Budget and Management director, this change is intended to better target state resources to districts with lower capacity.

The following proposal will impact districts that are on the guarantee under the new proposal. The guarantee basically prevents a district’s state aid from falling below a previous year’s amount.

The guarantee, also called transitional aid, is being reduced on a sliding scale for districts that have experienced at least a 5% decline in student population over a five-year period beginning in FY 2011. For example, a school district that has a decline in enrollment of 6% would receive a 1% reduction in its guarantee base from the FY 2017 level to 99% in FY 2018.

Under the proposal, the guarantee is being reduced on a sliding scale for districts that have experienced at least a 5% decline in student population over a five-year period beginning in FY 2011. For example, a district with a 17% loss in enrollment over a five-year period beginning in FY 2011 would have 95% of its guarantee funded. Districts with less than a 5% enrollment loss will not have a reduction in their guarantee base.

The gain cap is being recommended to be set at 5% each year, applying to a maximum of 5% for any district with a decline of 10% or more in enrollment. For example, a district with a 17% loss in enrollment over a five-year period beginning in FY 2011 would have 95% of its guarantee funded. Districts with less than a 5% enrollment loss will not have a reduction in their guarantee base.

Students’ service project leads to tutoring program

When three students at Graham Local’s (Champaign) Graham High School noticed their peers were struggling in class, they had an idea about how to help.

Last fall, senior Kaityln Spriggs, junior Thomas Frost and sophomore Lacie Smith started the Tutoring Corner, a program that has since expanded to the district’s middle and elementary schools.

“I think people are starting to realize it’s OK to need help; nobody’s perfect, and it makes your grades go higher,” Spriggs told a local newspaper.

The trio started the tutoring program to fulfill a service project requirement for their Leadership and Community Engagement class, which is part of the Family, Career and Community Leaders of America curriculum.

Only three class mates needed help at the Tutoring Corner’s first meeting in October. Now more than 30 high school students are being tutored by 40 of their peers.

Frost, who is in charge of the elementary school initiative, has more than 40 students who are being tutored by eight high school students after class.

“We know there are students who need help,” said Frost, who wants to pursue a career in teaching. “Sometimes, I need help, especially when I was a freshman.”

Smith plans to launch the middle school program later this semester.

year of the biennium. The proposal also seeks to place the capacity aid and transportation supplement components “under” the cap, whereas in the prior budget they were placed “outside” of the cap. This change will limit the amount of funding received by districts on the cap as well as those receiving capacity aid and/or the transportation supplement.

The per-pupil basic aid, or base funding, is unchanged from FY 2017 and set at $6,000 for FY 2018 and 2019. There also are no changes to tangible personal property tax replacement payments.

Overall, the school foundation formula receives an additional $282.9 million over the biennium in new state aid.

Other provisions being proposed in the governor’s budget include a $15 million appropriation to the Straight A Fund in both fiscal years. The Straight A Fund’s purpose is to help schools create innovative ideas for improving education. The budget also proposes $10 million in each fiscal year for the Community Connectors program, which is designed help districts promote community engagement activities.

The governor’s budget proposes funding early childhood education at $70.2 million in each fiscal year and creating a parent choice pilot program to provide parents with options for high-quality early education programs. In addition, the budget continues support for the income-based EdChoice voucher program for fourth- and fifth-grade students who are at or below 200% of the federal poverty level. The provision seeks $38.4 million in FY 2017 and $47.7 million in FY 2018.

Watch for continued communication from OSBA as the budget moves through the legislative process in the House. For questions, contact the OSBA legislative division at (614) 540-4000 or (800) 589-OSBA.
