

OSBA

Governance and Consulting Services

Get exceptional results with OSBA governance solutions

Fulfilling your role and responsibilities has become more challenging than ever. Energize your board with resources and assistance from OSBA.

We want to become part of your team, offering guidance to set priorities and goals, reviewing mission and values, facilitating board self-evaluation or superintendent evaluation processes and much more. From transitions in your leadership team to sustaining a positive culture or working to conduct effective deliberations and meetings, OSBA is a valuable resource.

Governance and consulting solutions for every district

The OSBA Division of Board and Management Services serves the entire district leadership team to foster effective school board governance and collaboration. OSBA provides a wide range of governance consulting services to support your district's unique needs. OSBA consultants, who are former school board members, work closely with the board and administrative team to ensure all goals, interests and needs are met.

When to use governance and consulting services

- When you have governance questions and/or issues.
- When there are questions about the board's roles and responsibilities.
- When there is new leadership or changes to the administration team.
- When evaluation or hiring processes need improvement.
- When everything is going well – strengthen and build upon a solid foundation.
- When the board wants to engage its community and needs ideas and support.
- When board retreats and workshops need objective assistance.
- When the leadership team wants to plan ahead for district success.

OSBA superior governance and consulting services include:

- in-person school district leadership training
- strategic planning
- customized workshops
- customized surveys, including community engagement tools
- board relations and roles training
- team building for the board or entire administration team
- executive searches with unique capabilities and resources
- superintendent-treasurer and board evaluation training
- Achiever leadership assessment for recruitment, retention and professional development of staff and for board development of leadership team
