

## Master of Transportation Administration (MTA) Registration form (2021-2022)

OSBA's MTA program offers administrators who are responsible for pupil transportation learning opportunities in the many key areas affecting transportation, as well as familiarity with the many legal sections and reference materials essential to the transportation professional.

The three-year curriculum includes classes in each of three proficiencies (one a year) — compliance, operations and governance. For MTA certification, a subject-related project is required.

Individuals may register and attend single classes (certification not included) or register for the complete MTA professional development program.
