

The Achiever measures cognitive skills and personality dimensions, providing relevant data to assist in making the right leadership decisions for your district.

Maximize your leadership team's performance

Key benefits include:

- maximizing potential;
- streamlining the hiring process;
- enhancing decision-making.

Ever wondered what makes a job candidate tick? Or how they would fit within your district? Getting a read on their personalities, work strengths and tendencies would really help make better hiring decisions.

OSBA is offering an exciting tool for recruiting *and* retaining high-quality staff through the Achiever Leadership Assessment. This statistically verified program contributes to successful performance through an advanced personal profile with professional development suggestions. The Achiever measures a person's true nature or core behaviors using six cognitive learning skills and 10 personality dimensions to create a comprehensive leadership profile.

The Achiever Leadership Assessment has received the U.S. Equal Employment Opportunity Commission's approval. OSBA has taken this tool to a new level by setting new benchmarks for administrators, staff and boards of education.

Districts may purchase five assessments for \$1,000 or 15 for \$2,625. Initial investment includes a one-hour consultation with OSBA facilitators on reading and interpreting the results.
