

Distance Learning Evaluation Survey

Audience: Secondary Students

Dear Students:

Thank you for your hard work over the last two months. Even though the school year did not end like we planned, I am proud of you for continuing to complete your assignments while working from home. You have been missed at school!

I am hopeful and optimistic that you and your classmates will be able to safely return to school in the fall. It is important, however, for us to evaluate our distance learning services to make improvements, in case it is necessary to learn from home again in the future.

Please take time to complete the survey below. We appreciate your ideas and suggestions.

Go [Mascot]!

Sincerely,

[Name]
