

# BRIEF CASE

THE OHIO SCHOOL BOARDS ASSOCIATION

Serving the public school leadership team

## March 1 is deadline for Capital Conference session proposals

OSBA is accepting nominations for learning sessions at the 2022 OSBA Capital Conference and Trade Show until March 1 at 5 p.m. The conference is Nov. 13-15 at the Greater Columbus Convention Center. Leading a learning session provides an outstanding opportunity to boost student achievement and increase district operational efficiency by sharing your knowledge and expertise with nearly 9,000 school board members, administrators, education leaders and others. Presentations will be selected based on strong interest and relevance; innovation and creativity; success supported by positive results; and practical, how-to information. Nominations can be made at <http://conference.ohioschoolboards.org/nominate>.

## New ODE resource helps districts address bus driver shortages

The Ohio Department of Education (ODE) released a new guide to address the pupil transportation issues challenging Ohio and the nation. ODE developed the Driver Shortage Playbook: Strategies, Supports and Use of ARP and ESSER funds to Address School Bus Driver Shortages in collaboration with school transportation directors. It offers suggestions for how districts can use federal relief funds to improve transportation services and tips and creative solutions for recruiting drivers, enhancing route logistics and engaging in shared services to ensure students have reliable transportation to school each day. Download the guide at <http://links.ohioschoolboards.org/35516>.

## Updated OSBA Legislative Platform booklet now available

The 2022 OSBA Legislative Platform has been released. OSBA is mailing a hard copy to all new board members and those without email addresses and will email it to all other board members. It also is posted at <http://links.ohioschoolboards.org/platform>. The platform informs legislators, policymakers, the public and the news media about OSBA's positions on education issues. For questions about the platform or any other legislative issues, contact OSBA's legislative division.

## Nominations being accepted for Ohio Teacher of the Year

Each year, the Ohio Teacher of the Year program identifies exceptional teachers and celebrates their inspiring work both inside and outside of the classroom. The Ohio Department of Education is accepting nominations through April 8. In addition to statewide recognition, the program offers educators opportunities for professional growth and gives teachers a voice as public education leaders and advocates. School leaders, colleagues, community members, parents or students can make nominations. For details and a nomination form, visit <http://links.ohioschoolboards.org/31312>.

## Boardman students deliver valentines to nursing homes

Students in **Boardman Local's (Mahoning)** high school National Honor Society (NHS) made Valentine's Day hearts and other decorations and wrote personalized letters for the residents of local nursing homes.

The district's NHS recently started a Letters for Rose chapter, a national campaign aimed at reducing loneliness among elders, especially during the COVID-19 pandemic.

Boardman Local's NHS adviser, **Jenefer Basista**, told a local TV station that this was the second letter-writing campaign of the school year, with students also delivering letters for Christmas.

Letters for Rose has over 400 chapters across the world, creating community service, team building and leadership opportunities.

## LEGISLATIVE REPORT

by Will Schwartz, deputy director of legislative services

### 'Backpack' bill receives first hearing

A sweeping proposal to establish a universal, statewide voucher program, dubbed the Backpack Scholarship Program, received its first hearing this week before a panel of House lawmakers. Reps. **Marilyn S. John** (R-Richland County) and **Riordan T. McClain** (R-Upper Sandusky) testified jointly on House Bill (HB) 290 before the House Finance Committee, where they outlined the details of their

plan and fielded questions from committee members on Feb. 15.

The legislation, House Bill (HB) 290, was introduced on May 5, 2021, but took nearly a year to receive a first hearing. The current version of HB 290 contains only placeholder language expressing the General Assembly's intent to create a funding formula for all students that allows families to choose the option for all computed

funding amounts to follow them to the schools they attend and ensure strong funding for public and nonpublic schools while cultivating innovation and opportunity for all children. The Finance Committee released a substitute version of the bill that would reportedly be adopted at a subsequent meeting.

Under the forthcoming substitute version of the bill, beginning in the

2023-24 school year, all students enrolled in public, chartered nonpublic or non-chartered nonpublic schools and all home-schooled students would be eligible for a state-paid voucher, referred to as an education savings account (ESA). The ESA amount for the 2023-24 school year would be \$5,500 for students in grades kindergarten through eight and \$7,500 for high school students. That amount would increase in future fiscal years by the same percentage that the statewide average base cost per pupil increases.

The voucher could be used only for the following purposes:

- tuition and fees at a participating chartered nonpublic school, non-chartered nonpublic school or nonpublic online learning program;
- tutoring or intervention services by an individual or educational facility, provided that the services are not provided by an immediate family member of the student;
- fees for nationally standardized assessments, Advanced Placement examinations and any examinations related to college or university admission as well as tuition or fees for preparatory courses for those examinations;
- tuition and fees for programs of study or the curriculum of courses that lead to an industry-recognized credential that satisfies a workforce need;
- educational services, including occupational, behavioral, physical, speech-language and audiology therapies;

- curriculum, textbooks, instructional materials and supplies;

- fees for after-school and summer educational programs.

The program does not establish any income limits, so any student — regardless of family income — is eligible for ESA, and the state treasurer is explicitly required to approve applications for a voucher from school-aged children. Students must annually reapply for the voucher.

Effective July 1, 2023, the substitute bill would eliminate the report card-based Ohio Educational Choice Scholarship program (EdChoice), income-based EdChoice Expansion program and Cleveland voucher program and establish the Backpack Scholarship Program in their place. It would retain the Autism Scholarship Program and the Jon Peterson Special Needs Scholarship Program and qualify students receiving vouchers under those programs to also receive a voucher under the Backpack Scholarship Program.

Chartered nonpublic and non-chartered nonpublic schools that elect to participate in the Backpack Scholarship Program must annually notify the state treasurer and do the following:

- administer to K-eight students nationally recognized measures of achievement, as determined by each school, in reading, math and history at least every other year;
- administer to high school students the five end-of-course exams and require completion of

the graduation seals process while still applying the existing exemptions from those requirements;

- report the aggregate results of those measures and assessments, which will be published and provided to parents upon their request.

Like current voucher program policies, participating nonpublic schools would be prohibited from charging students a tuition amount that is greater than \$5,500 for K-eight students or \$7,500 for high school students if their family income is at or below 200% of the federal poverty level.

The bill specifies several scenarios specifying how unspent backpack voucher funds will be handled. For example, one-half of a student's unspent funds in a given year will be carried over to the next year's ESA if that student reapplies for a voucher for the subsequent school year, in addition to that year's \$5,500 or \$7,500 payment. The remaining half will be transferred to the state's general revenue fund. For voucher students who do not reapply for a voucher for the subsequent year and have funds remaining in their ESA, the total of the remaining funds will be transferred to the student's public school or, if the student does not reenroll in any school, to the student's resident school district.

For voucher students who leave their nonpublic school in the middle of a school year and transfer to a public school, the

## Tolles Technical & Career Center helping to reshape workforce

Thousands of skilled workers will be needed as companies like Intel and Hyperion Companies Inc. expand into Ohio.

**Tolles Career & Technical Center** is helping to transform the workforce. Some students are completing internships and being recruited for highly skilled jobs before they graduate, Superintendent Dr. **Todd F. Hoadley** told a local TV station.

"Our students are like five-star blue-chip athletes," Hoadley said.

"When they have the skills that line up with the workforce needs of today, employers are coming here in both our high school students and our adult programs."

Tolles serves seven school districts in central Ohio, including **Dublin City, Fairbanks Local (Union), Hilliard City, Jefferson Local (Madison), Jonathan Alder Local (Madison), London City and Madison-Plains Local (Madison).**

The career center also is connecting with employers to make sure its curriculum serves the need for workers in years to come.

remaining ESA funds will be transferred to the public school in which the student enrolls.

For voucher students who are graduating, the bill authorizes parents to request one-half of the balance to be transferred to a sibling's account or use one-half of the balance to transfer to a 529 college savings plan. The remaining half will be transferred to the state's general revenue fund. If a parent does not submit a request for a graduating voucher student, the total balance will be transferred to the state's general revenue fund.

The program would be administered by the state treasurer's office, whose duties

would include establishing an application process; ensuring all family expenditures are in compliance with allowable uses; determining penalties for fraudulent activity by participating schools, providers, students or parents; and employing personnel and engaging with consultants, actuaries, auditors, counsel and others for assistance. The substitute bill appropriates \$5 million in fiscal year 2023 to support activities and costs incurred by the state treasurer to administer the program.

A second hearing is not yet scheduled.
