IN THE OHIO BOARD OF TAX APPEALS

J. CRAIG SNODGRASS AUDITOR OF LORAIN COUNTY, OHIO 226 MIDDLE AVENUE, 2ND FLOOR ELYRIA, OHIO 44035

Appellant,

VS.

JEFFREY A. MCCLAIN TAX COMMISSIONER OF OHIO 4485 NORTHLAND RIDGE BLVD. COLUMBUS, OH 43229

Appellee.

BTA CASE NO.

PUBLIC UTILITY PERSONAL PROPERTY TAX

TAX YEARS: 2019, 2020, 2021

APPEAL FROM COMMISSIONER CASE NUMBERS:

19-01150, 20-11301, 21-11241

NOTICE OF APPEAL

Craig Snodgrass, in his official capacity as Auditor of Lorain County, Ohio ("Appellant") hereby gives his notice of appeal pursuant to R.C. 5717.02 to the Ohio Board of Tax Appeals (the "Board") from a Final Determination issued by Jeffrey A. McClain, Tax Commissioner of Ohio (the "Tax Commissioner"), on June 23, 2022, and served upon Appellant on July 5, 2022. See R.C. 5703.37. The Final Determination addresses a public utility personal property tax assessment, for tax years 2019, 2020, and 2021, of an interstate natural gas transmission pipeline system (the "NEXUS Pipeline System") owned and operated by NEXUS Gas Transmission, LLC ("NEXUS") and spanning thirteen Ohio counties including Lorain County, Ohio. As the Auditor of Lorain County, Appellant has a right to appeal the Final Determination pursuant to R.C. 5717.02. A true copy of the Final Determination appealed is attached hereto and incorporated herein by reference as Exhibit A.

AMOUNTS IN ISSUE

	Tax Year 2019	Tax Year 2020	Tax Year 2021
Commissioner's Taxable Value	\$836,000,000	\$832,773,620	\$822,603,590
Appellant's Corrected Taxable Value	\$1,425,915,660	\$1,420,412,615	\$1,403,066,197
Increase in Taxable Value Sought	\$589,915,660	\$587,638,995	\$580,462,607

BACKGROUND

The NEXUS Pipeline System consists of approximately 256 miles of 36-inch diameter pipe and associated compression stations, taps, anode beds and other surface and subsurface equipment capable of transporting 1.5 billion cubic feet of natural gas per day. While approximately 83.4% the pipeline mileage of the NEXUS Pipeline System is located in Ohio, a disproportionate amount of other associated facilities (including, without limitation, all four compression stations) are located within Ohio. See Certificate of Public Convenience and Necessity, 160 FERC ¶ 61,022, P. 3—4 (2017). On August 25, 2017, the Federal Energy Regulatory Commission ("FERC") a issued a Certificate of Public Convenience and Necessity to NEXUS in Docket No. CP16-22-000 approving construction of the NEXUS Pipeline System.¹ Id. On October 11, 2017, FERC authorized NEXUS to commence construction of the NEXUS Pipeline System. After condemning any remaining rights that had not been voluntarily relinquished from the landowners along the route, NEXUS began construction of the NEXUS Pipeline System. In August 2018, the NEXUS Pipeline System was in the final stages of construction and NEXUS was able to put the majority of the system into service on October 13, 2018. While NEXUS had anticipated that it would cost approximately \$2.2 billion to build its

¹ As an interstate pipeline system transporting natural gas, route citing, planning, construction and operation of the NEXUS Pipeline System is subject to the oversight and approval requirements of the Federal Energy Regulatory Commission.

pipeline system, additional project costs ultimately resulted in a total construction cost of about \$2.6 billion dollars.

NEXUS filed its 2019 Annual Report with the Ohio Department of Taxation (the "Department") on March 29, 2019. In July 2019, NEXUS provided the Commissioner with an Appraisal of its property prepared by Tegarden & Associates, Inc. (the "Tegarden Appraisal"). NEXUS filed an amended Annual Report for tax year 2019 on September 24, 2019. The Tegarden Appraisal estimated a systemwide total value of NEXUS' public utility property as \$1,182,000,000 with \$996,410,634 of value allocated to the facilities installed in Ohio. After reviewing the amended Annual Report, the Department ultimately rejected the methodology utilized in the Tegarden Appraisal. Accordingly, NEXUS was assessed an allocated taxable value of \$1,425,915,660 using the statutorily-prescribed valuation method of using the cost as capitalized on the petitioner's books, less composite annual allowances as set by the Commissioner.

In response to the assessment, NEXUS filed a petition for reassessment with the Tax Commissioner contending that the prima facie statutory valuation did not accurately reflect the true value of its taxable Ohio property and that the true value should instead be based on the Tegarden Appraisal. After hearing and presentation of additional evidence in support of the petition, including NEXUS' appraisal evidence, the Commissioner issued a Final Determination denying all of NEXUS' claims and upholding the original assessed value. See Final Determination issued July 20, 2020 (Case No. 19-01150) (hereinafter referred to as the "2020 Final Determination"). The 2020 Final Determination included a detailed, 30-page analysis and rejection of the two alternative calculations of "true value" advanced in the Tegarden Appraisal based on defects in the underlying methodology

utilized, including several unsubstantiated and suspect figures utilized under those methodologies. Notably, even under these alternative methodologies, the Tegarden Appraisal was unable to arrive at NEXUS' requested "true value" without deducting purported cost-overruns that the Tax Commissioner, correctly, rejected as unsubstantiated figures.

On September 4, 2020, NEXUS appealed the 2020 Final Determination to this Board. That case was docketed as *NEXUS Gas Transmission*, *LLC v. McClain*, BTA Case No. 2020-1475. While that matter was pending at the Board, and prior to hearing, the Commissioner and NEXUS negotiated and executed a settlement agreement (the "Settlement Agreement"). The Settlement Agreement purported to resolve all of the claims of error NEXUS had raised in the pending appeal relating to tax year 2019 (at a negotiated taxable value of \$950,000,000) and the pending petitions for reassessment for tax years 2020 (at \$946,333,660) and 2021 (at \$934,776,800) which had been filed by NEXUS in the interim. Despite the Tax Commissioner obtaining his own appraisals using various true value methodologies, Appellant is unaware of any appraisal completed on behalf of any party that purports to establish a true value of \$950,000,000 for tax year 2019. At the request of NEXUS and the Tax Commissioner, the Board remanded the case for further proceedings in front of the Tax Commissioner.

After the remand was issued, representatives of the Tax Commissioner and NEXUS met with the county auditors for the 13 counties that contained the NEXUS Pipeline System, including Appellant, to discuss the Settlement Agreement. While Appellant and his counsel were permitted to see the Settlement Agreement at the meeting, they were not permitted to take copies and all subsequent attempts to obtain a copy have

been rejected by the Tax Commissioner. Despite Appellant's best efforts, the Tax Commissioner has been unable (or unwilling) to provide any legal basis from which Appellant could conclude a merit-based reason for arriving at the purported true values contained in the Settlement Agreement. Finally, under the terms of the Settlement Agreement, the Tax Commissioner agreed to a schedule of guaranteed assessments based on the agreed upon "true value" of \$950,000,000, less typical year to year reductions, for a period of 30-years.

On June 23, 2022, the Tax Commissioner issued a Final Determination modifying the prior assessments of the NEXUS Pipeline System for tax years 2019, 2020 and 2021. Unlike the 2020 Final Determination, the instant Final Determination being appealed consisted of only 8-pages, most of which was a breakdown of values for each county and school district, and provided no explanation or support for the "true value" arrived at by the Tax Commissioner. On August 26, 2022, NEXUS filed a Notice of Appeal to the Board seeking a valuation lower than the one stipulated in the Settlement Agreement on the basis that Appellant might appeal. Consequently, Appellant was left with no option but to initiate the present appeal.

STATEMENT OF CLAIMED ERRORS

Pursuant to R.C. 5717.02(C), Appellant contends that the Tax Commissioner's Final Determination is erroneous, unreasonable, and unlawful for one or more of the following reasons:

1. The Final Determination unreasonably rejects the statutory based formula for determining the value of the NEXUS Pipeline System under R.C. 5727.11(A) without a credible basis to conclude, given the evidence and expert testimony in the record, that the statutory based formula does not reflect the true value of the NEXUS Pipeline System.

- 2. The Final Determination rejects the statutory based formula for determining the value of the NEXUS Pipeline System under R.C. 5727.11(A) in favor of a purported true value which cannot be substantiated by any of the evidence, expert opinions or methodologies before the Tax Commissioner.
- 3. The Tax Commissioner's method of valuing the NEXUS Pipeline System allows impermissible exemptions of taxable property and, consequently, are unreasonable and unlawful.
- 4. The Final Determination is unreasonable and unlawful insofar as it is based upon the scientifically inaccurate and unreliable methods of appraisal including the Cost Approach Based on Income-Deficiency, Income Approach Based on After-Tax Cash Flow Amounts, and other similarly flawed methodologies advanced by NEXUS;
- 5. The Final Determination is unreasonable and unlawful insofar as the purported true value and resulting taxable value of the NEXUS Pipeline System rely upon inaccurate and unsubstantiated discount rates, capitalization rates, anticipated rates of return (and resulting deficiencies in anticipated earnings), and similar inputs which ultimately result in an unfair and unreasonably low valuation in contravention of Ohio law;
- 6. The Final Determination is erroneous and unreasonable insofar as it is based upon total future revenue and after-tax cash flow amounts over an extended period of time which are usually pessimistic, unsubstantiated by credible authorities and have since been demonstratable proven to be incorrect.
- 7. The Final Determination is erroneous and unreasonable insofar as it allocates the value of taxable property between Ohio and Michigan on the basis of pipeline mileage instead of the comparative value of total facilities and other assets which constitute tangible, taxable property necessary for operation of the NEXUS Pipeline System;
- 8. The Tax Commissioner's Final Determination is erroneous in that it contains or results from incorrect statements of fact and law, and in that it contains or results from math errors or duplicative exemptions and/or deductions in the value of taxable property;
- 9. The Tax Commissioner erred by inappropriately deducting from NEXUS' taxable value tangible property subject to tax under Ohio law; and,
- 10. As a result of the above, the Tax Commissioner's method of valuation, if any, utilized in arriving at the purported true value and taxable value of the NEXUS Pipeline System set forth in the Final Determination results in an unsubstantiated, unreasonable and indefensibly low taxable value for the NEXUS Pipeline System under Ohio law. Resulting, at minimum, in:

- a. The Final Determination erroneously understating the taxable value of NEXUS' Ohio pipeline property for tax year 2019 by \$589,915,660 (\$1,425,915,660-\$836,000,000);
- b. The Final Determination erroneously understating the taxable value of NEXUS' Ohio pipeline property for tax year 2020 by \$587,638,995 (\$1,420,412,615-\$832,773,620); and,
- c. The Final Determination erroneously understating the taxable value of NEXUS' Ohio pipeline property for tax year 2021 by \$580,462,607 (\$1,403,066,197-822,603,590).

REQUEST FOR HEARING

Pursuant to R.C. 5717.02 and Ohio Adm. Code 5717-1-16, Appellant requests that the Ohio Board of Tax Appeals schedule this matter for a *de novo* evidentiary hearing for purposes of providing Appellant the opportunity to provide additional evidence in support of its assignments of error.

NOTICES

Appellant further requests that the Board of Tax Appeals send a copy of each notice, communication, and determination in this matter to the following:

EXHIBIT A

FINAL DETERMINATION

Date: JUN 2 3 2022

Nexus Gas Transmission, LLC

c/o Enbridge, Inc.

ATTN: Tax Department 5400 Westheimer Court Houston, TX 77056

Re:

Case Nos. 19-01150, 20-11301 and 21-11241

Public Utility Personal Property Tax

Various Counties

Tax Years: 2019, 2020, and 2021

2022 JUL -5 PM 2: 18

LORAIN COURTY
AUDITOR

This is the final determination of the Tax Commissioner on petitions for reassessment concerning public utility personal property tax assessments for tax years 2020 and 2021 and following a decision and order of the Ohio Board of Tax Appeals in Case No. 2020-1475, dated February 22, 2022, for tax year 2019. In that order, the Board remanded the case to the Tax Commissioner for further proceedings.

In resolution of these matters, the assessments are modified based on a true value for tax year 2019 of \$950,000,000; a true value of \$946,333,660 for tax year 2020; and a true value of \$934,776,800 for tax year 2021 with taxable values per tax year as follows:

Tax Year 2019

Tax Year	County Number	Taxing District	Taxable Value As Determined Herein
